

MICHAEL MOLL, PE, LEED AP

Manager of Electrical Engineering

Mike Moll leads our Mechanical Engineering Discipline, bringing nearly 20 years of experience with Lockett & Farley and a deep expertise in delivering innovative, efficient, and sustainable mechanical engineering solutions. He holds both a Master of Business Administration and a Bachelor of Science in Mechanical Engineering from the University of Kentucky. Mike's unique combination of technical knowledge and business insight allows him to guide projects from concept through completion, ensuring high-quality results that meet client goals and project objectives.
